

C-types

Short description:

A continuous-tone silver halide photo print – delivered rolled or flat, ready to frame

Long description:

Our C-types are professional colour photo prints made on brilliant white silver halide papers, created exclusively for gallery-standard reproduction. Continuous tone means no visible dot pattern – just smooth gradients, natural skin tones and exceptional detail. Expect incredible depth, beautifully vibrant colour and rich blacks.

Printed using the traditional silver halide process, these premium papers offer excellent image stability and a distinctive photographic look that's hard to replicate digitally. Choose the finish that best suits your work: lustre for a subtle sheen, gloss for maximum pay-off or metallic for an ultra-vibrant, high-impact effect.

Choose sizes from 3x3" to 30x40". UK orders sized 200mm and EU, US and AU orders sized A4 and under ship flat. All other sizes ship rolled.

Features:

- Brilliant white paper
- Lustre, gloss and metallic finishes
- Silver halide photo print

Finish:

Lustre, High gloss sheen, Metallic

Wholesale price:

From \$0.25

SKU prefix:
