

Cold press watercolour paper

Short description: A 100% cotton rag fine art paper – delivered rolled or flat, ready to frame

Long description: Our cold press watercolour paper is a 100% cotton rag stock with a matte finish and a tight, etching-like texture. The mid-white base delivers smooth skin tones and refined detail, making it ideal for premium portraiture and wedding art prints. It's also a beautiful choice for tactile illustrations and gallery-style wall art prints.

All of our fine art prints are made using Giclée printing – the gold standard used by museums and galleries worldwide. Pigment-based archival inks deliver smoother gradients, richer colour depth and long-lasting brilliance that won't fade when displayed indoors.

Choose sizes from 5x7" to 40x80". Orders sized 200mm ship flat. All other sizes ship rolled.
